ABOUT US

Sail Courier is a dynamic professional courier service company offering same day courier, light haulage, pallet delivery and economic courier whilst using its vast reliable channels and unmatched technology.

The company's philosophy is hinged on the desire to be available to all as and when the call for service arises while rendering a reliable service upon call in a consistent way.

At Sail courier we present a new unique business model that enhances service delivery to create client satisfaction using our agents, guest and company couriers.

It is a simple, amazing, inclusive and reliable courier model that enhances delivery of documents, packages, goods, pallets among others using our nationwide network of couriers to yield unmatched satisfaction.

Our Vision

To combine practical knowledge, skills and sophistication to achieve worthy results for our clients.

Our Mission

To be the one stop desired and reliable professional business solution center offering unique one time tailored services to satisfaction of our clients.

Our Core Values

- Integrity
- Client centricity
- Team Work
- Value innovation.

WHY CHOOSE US?

Through our vast network of Agents, we are just next to you. We pride ourselves in the great merchant network that enhances our receipt of parcels and onward dispatch.

Our system permits clients to order for pick up and drop off of their parcels right at their door step through our reliable in-house and on the move couriers while ensuring safety.

Reliable

Our technologically backed solutions are able to ensure reliable service to all our clients at all times through our couriers, agents and guest couriers.

Consistent

Our service is through dedicated channels coupled with our gain flagship rhyme, "for you, for us" which is a win-win model. It encourages our value chain participants to deliver with unmatched commitment as the remuneration and training model is encouraging.

Our focus is being an extra-ordinary domestic courier company whilst looking at being an international shipping/logistics company innovative and building leading teams to deliver smiles to customers across communities.
